

DontBeA G20Jackass.com

Whether you're a protester or an officer working crowd control, please remember that Pittsburgh is our home. We live, work and play here, and we're quite proud of our city. After the days of protests and direct action, it's going to be the residents that are left with the mess. These are our homes, our businesses, and we would like to remind everyone to be respectful.

Keep it safe, sane and calm

Please don't be a jackass.

**Thanks,
Pittsburgh**
